## Addendum # 2 to Bid 001532

Change the above referenced bid to agree with the attached page(s). The University shall reject any bid which does not acknowledge this addendum. Acknowledge this addendum by including a signed copy of this sheet with your bid.

- Q. Is there a bid bond or performance bond required for this ITB?
- A. No.
- Q. Who is responsible for the tissue, paper towels, hand soap, can liners?
- A. LSUHSC
- Q. What is the square footage of the uptown campuses covered under this ITB?
- A. See chart on last page
- Q. What is the budget amount for the "building maintenance" portion of this ITB?
- A. No defined budget as of yet, but current annual spend is around \$500,000.
- Q. What is the budget amount for the "custodial service" portion of this ITB?
- A. No defined budget as of yet, but current annual spend is around \$40,000.
- Q. Will day porters be required for this ITB?
- A. No
- Q. Could you please confirm what Jani-King billed last year for the same services requested in the RFQ broken out by custodial services and POM services?

  A. No...these services were part of a much larger contract involving services not included here. The healthcare portion was moved out of this facility in August, and the facility now is only partially utilized. The current annual spend is listed above.
- Q. Could you please confirm the cleanable square footage for the custodial portion of the contract?
- A. See chart on last page

- Q. Will custodial services be required Monday to Friday only or 365 days/year?
- A. Monday-Friday
- Q. What are the hours of service for the custodial portion of the contract?
- A. 7:00AM 5:00PM at least one person on site during these hours.
- Q. Could you provide a campus overview detailing the description of the building inclusive of age, occupancy count, hours of operation, the number of rooms, # of classroom, lab, office, mer etc. Identification of primary heat and cooling methods along with any automation information would be great.
- A. The main building heating and cooling consists of a four pipe system made up of air handling units and fan coil units. HVAC equipment is located in the power house. Cottage HVAC is provided by DX units and gas furnaces.
- Q. Could you please confirm the final maintainable square footage for all contractors to use for staffing purposes in light of the several outlying buildings and floors in the main facility that are not being utilized?
- A. See chart at the end of this addendum.
- Q. What is the percentage occupancy of the facility at this time?
- A. 10-15%
- Q. Will the contractor be responsible for cosmetic repairs and improvements or will cosmetic repairs and improvements be the responsibility of LSUHSC?
- A. Contractor is not responsible for cosmetic repairs other than those outlined in Section 2.4 Scope of Services: Building Maintenance. All repairs must be approved by LSUHSC personnel prior to work performed.
- Q. Not all plant or mechanical equipment is in satisfactory running condition. Whose responsibility is it to return the equipment to satisfactory condition or is it planned merely to keep plant and mechanical equipment operational until LSUHSC capital funds kick in? A. The contractor is responsible for keeping equipment operational.
- Q. The asset list shows many air handlers. Most appear to be unitary fan coils. How many are true multiple zone air handlers or make up air units?
- A. See equipment list following this addendum. The yellow highlighted items (also identified with an asterisk) are air handlers and the others are fan coils.

- Q. Will LSU be utilizing a central dispatch system for repairs from the main campus or will the contractor be responsible for establishing a local dispatch system on site at the facility?
- A. Contractor should provide their own dispatch system. The computerized maintenance management system (CMMS) will serve as a tool to manage incoming service requests, but does not function as a dispatch tool.
- Q. The existing asset listing appears to not include all assets at the facility requiring periodic maintenance. Will the contractor be responsible for populating and tagging the additional assets that are on site but not included in the asset list?
- A. All of the assets are identified on the listing.
- Q. Who will be responsible for all high voltage service and repair? A. LSUHSC.
- Q. We understand that all supply & material costs are the responsibility of LSUHSC. Will the contractor be responsible for any supply and material costs throughout the term the contract? What is the threshold?
- A. All supply and material costs are the responsibility of LSUHSC.
- Q. The RFQ calls for operating engineers (minimally 2nd class license). Are they required 24/7? There is conflict in the RFQ where use is stated as 24/7 yet hours of operation are Mon-Fri 8am -4:30pm.
- A. Operating engineers are required 24/7 for 365 days due to the fact that there are steam boilers in the power house.

- Q. Who handles contracts for
  - Water treatment
    - o Q. Pre-bid stated chemicals are purchased for boilers. What about all controllers needed? A. LSUHSC provides controllers
    - Q. What about chemicals for chilled water and condenser water? A. LSUHSC
    - Q. Who pays for independent testing of systems Legionella, etc? A. LSUHSC
    - o Q. Are pool chemicals and treatment controllers paid by LSUHSC? A. Yes
  - Q. Vertical transportation A. LSUHSC
  - Q. Pest control A. LSUHSC
  - Q. Rental gensets load testing A. LSUHSC
  - Q. Interior fire alarms / life safety equipment A. LSUHSC
  - Q. Chiller special service A. LSUHSC
  - Q. Boiler special service (tune ups, insurance inspections & emissions test) A. LSUHSC
  - Q. Building automation or any aged controls A. LSUHSC
- Q. Are current third party equipment maintenance contracts available for review?
- A. Yes, by way of a public records request.
- Q. In the event a piece of major mechanical equipment is beyond repair (not from lack of pm service), who will be responsible for the cost of replacement?
- A. LSUHSC
- Q. Are mechanical operating logs, blueprints and records, which are the property of the LSUHSC, available?
- A. After bid award, the logs will be made available.
- Q. Will the previous contractor certify that any HVAC automatic controls are operating as designed? If the controls are not operating as designed, who will be responsible to correct?
- A. No, the contractor will not certify. There is not central building automation system. All HVAC controls are local thermostats.

Latera

- Q. Hardware, locks and keys are a part of the RFQ is a licensed locksmith required or desired?
- A. No. Locks and keys will be supplied and managed by LSUHSC.
- Q. Does LSU have a listed backlog of work, repairs from the incumbent contractor?
- A. There is no backlog of work or repairs.
- Q. Does LSUHSC or the incumbent contractor have a five year capital plan for the associated facility?
- A. Yes. This info may be shared post award.
- Q. Could you please provide event calendar details for the past year and any records of OT?
- A. LSUHSC does not have a record of these.
- Q. Current staffing counts and functions along with any details associated with shift scheduling. Existing org chart would be beneficial to us to show methods and hierarchy of supervision along with current wage rates for all.
- A. LSUHSC does not have a record of this. The Uptown Campus is no longer a health straight care facility, and these records would reflect a much higher usage rate than what is currently needed.
- Q. Could you provide a work order summary report for the past year?
- A. LSUHSC does not have a record of this.
- Q. Are there any unusual circumstances/issues that we should be aware of that have not been outlined in the RFQ or the on-site tour that could impact costs?
- A. None that LSUHSC is aware of.
- Q. What is cleanable size of square foot for this project?
- A. See chart on last page
- Q. Who is responsible for furnishing paper products, trash can liners?
- A. LSUHSC

- Q. Can you provide us with a campus facility map showing which buildings are vacant and which ones are currently included in this bid?
- A. All buildings are included in the bid. The facilities indicated in the custodial section are the ones occupied by tenants (the main hospital building and cottages 1/2). The maintenance building and powerhouse are also occupied. A map follows this addendum.
- Q. What is the square footage breakdown for janitorial cleaning per building/floor type included in the bid?
- A. See chart on last page
- Q. Can you provide us with the list of attendees to the bid conference?
- A. Yes, a list will follow this addendum.
- Q. Can you provide us with a list of the type and number of mechanical equipment requiring maintenance?
- A. This was included in the bid package. Refer to Attachment A of the bid package.
- Q. Will there be any holidays that don't require cleaning?
- A. A holiday schedule will be provided after bid award. Cleaning is not required on holidays.
- Q. If currently outsourced, who is the provider?
- A. Jani-king
- Q. What is the current contract amount?
- A. Approximately \$500,000 for building maintenance and \$40,000 for custodial
- Q. In the Invitation to Bid, page 5 of 5 line item #2-pricing page is this a monthly price predicated on how many man hours per month?
- A. Yes, a monthly price based on 40 additional hours per week.
- Q. What is the total square footage of the project?
- A. See chart on last page
- Q. What is the current monthly cost on this contract for these services currently?
- A. Approximately \$45,000 per month.
- Q. How are these buildings currently being utilized? education? working hospital? Etc?
- A. Administrative...office space only.
